

## K. OF C. WAR WORK FUND RECEIVES \$840 MORE

Letters Enclosing Out of Town Contributions Received--Committee Meets to Discuss Final Plans for Work.

By Telegraph to The Freeman  
Albany, N. Y., March 16.—Governor Whitman issued a proclamation today calling upon the young men and boys of New York state between the ages of sixteen and twenty-one years "who are not engaged otherwise in work of pressing need in the defense of our country," to enroll in the New York State Boys' Working Reserve and to signify their willingness to accept employment on terms during the coming summer.

"I do further call upon the public school authorities to aid in every way this movement which should have the hearty support of all. Private individuals, organizations and societies, also, can be of assistance in forwarding the work.

"To fail to utilize our land to pro-

duce its greatest yield would harm only ourselves and would benefit only our enemy. As loyal sons of America and patriotic citizens, we must do our utmost for the common good of all."

Henry D. Sayer, head of the industrial division of the State Defense Council, has been designated as director of the New York State Boys' Working Reserve. After a conference

ence with the governor he announced that the big drive to enroll young men in the reserve in this state will come during the week of April 1st, although in most of the states the en-

rollment has been fixed for the week of March 18th to 25th. Before announcing the date for the enrollment drive Mr. Sayer went over the situation with the commissioner of education, the military training commissioner and the farm bureau representatives.

"The program for forming the New York State Boys' Working Reserve is being prepared carefully so that we will be sure of results," said Commissioner Sayer. "We will be

prepared to register boys for this reserve during the national enrollment week beginning March 18th, but we will have a whirlwind drive in this state during the week of April 1st."

Governor Whitman was impressed with the plan to secure the sorely needed farm workers by enrolling boys between sixteen and twenty-one years in the "Working Reserve." Last year much help was obtained for New York state farmers through

The organization of the farm cadet corps. This year it is believed the state authorities will be even more successful in supplying the needs of farmers.

"The matter of food production is one of supreme importance to our people and the state will do all it

"We must produce not only our usual supplies of food but we must feed a large part of the world. Just as we entered this war from no selfish motive, but for the benefit of all mankind, so, also, we must be unselfish in the homely tasks of every day life and take care to make ourselves

and take care to make productive in the highest degree our broad acres and fertile lands. The task of the farmer is the oldest in the history of mankind; it is at the very foundation of our national life and civilization. "At the beginning of our second year of the war we find ourselves sorely strained to find an available and sufficient supply of labor to man-

and sufficient supply of labor to work properly our farms and to assure the harvest which we so greatly need. The military and naval forces have drawn many away from the farms. While still other thousands have gone to the cities to work in those great industries which have been so fre-

mendously stimulated and enlarged by the demand for war supplies of all kinds. There is still available, however, a great supply of labor for work on the farms. It is to be found in the boys and young men of the country who are as yet too young to shoulder the rifle, but who readily can be trained to fight for their country with the hoe and plough. Much of the success of our past history

"Accordingly, there has been formed under the New York State Food Commission, the New York State Boys Working Reserve, which is co-operating with the United States Boys Working Reserve to organize and enroll the boys of the State for work on the farms, to see that they are suitably employed and to supervise and observe the conditions under which they are per-

## **HEARING ON CANAL TERMINALS BILLS**

To Be Held at Albany on March 27  
—Read Mayor Canfield's State-  
ment as Why Kingston Should Be  
Selected as One of the Terminal  
Sites.

There will be a joint legislature  
hearing on the barge canal termi-  
nals bill at the senate chamber, Al-  
bany, March 27, at 2 p. m. Mayor  
Canfield, other city officials and  
many Kingston business men are  
planning to attend this hearing. The  
following statement relative to this  
bill has been prepared by Mayor  
Canfield and should be carefully  
read:

At the election of 1911, the voters  
of the state approved Chapter 746  
of the Laws of 1911 providing for  
barge canal terminals. This act of the  
legislature provided for an appropria-  
tion in the sum of \$19,800,000 to  
be expended for such terminals,  
as follows: New York city, \$9,740,-  
000; Buffalo, \$2,800,000; Syracuse,  
\$1,425,000; Oswego, \$850,000;  
Utica, \$805,000; Rochester, \$700,-  
000; Troy, \$530,000; Albany, \$330,-  
000; Schenectady, \$300,000; North  
Tonawanda and Tonawanda, \$270,-  
000; Lyons, \$200,000; Lockport,  
\$200,000; Rome, \$180,000; Port  
Henry, \$100,000; Plattsburg, \$100,-  
000; Little Falls, \$90,000; White-  
hall, \$90,000; Mechanicville, \$65,-  
000; Rouses Point, \$65,000; Her-  
kimer, \$50,000; Canajoharie, \$40,-  
000 and Port Jervis, \$35,000.

The act also provided that at  
twenty-four places specified and at  
any other places for which no ter-  
minals for barge canal traffic were  
specifically provided to be built, the  
mayor or board of aldermen on be-  
half of any such city, could present  
a petition to the superintendent of  
public works setting forth facts show-  
ing that no adequate terminal for the  
handling of canal traffic existed  
at such place and other facts.

Mayor Canfield prepared a petition  
and sent it to the chamber of com-  
merce and the signatures of about  
five hundred citizens were secured,  
and the petition was filed with the  
superintendent of public works of the  
state. Although every effort was  
made to secure progress in the mat-  
ter it appeared that advancement  
could be made until Frank M. Wil-  
liams was elected state engineer. He  
immediately showed a sincere inter-  
est in the project and had represen-  
tative make an investigation here.  
Last fall, State Engineer Williams,  
and General Wolterspoole, superin-  
tendent of public works, made an  
investigation and examination of  
Kingston water front and approved  
of our efforts and plan.

As Poughkeepsie, Newburgh and  
Yonkers were also seeking terminals,  
a meeting was had at Newburgh and  
ways and means discussed to secure  
the terminals. I was appointed  
chairman of the Barge Canal-Termi-  
nal committee of Chamber of Com-  
merce. It was ascertained that for  
a time terminals would probably  
have to be limited to the four cities,  
and also that no funds were avail-  
able from the \$19,800,000 for Hud-  
son river terminals other than those  
provided for in the act. A resolution  
was then adopted recommending that  
such terminals be located at King-  
ston, Poughkeepsie, Newburgh and  
Yonkers, and the co-operation of all  
the Hudson valley Chambers of  
Commerce was pledged, including Al-  
bany and Troy, Frederick W. Wil-  
son and myself, and Judge Arnold  
of Poughkeepsie, and Alexander  
Stolz of Yonkers were appointed a  
committee to meet with the state  
engineer and a committee of sena-  
tors to prepare an act providing for  
such terminals and making an ap-  
propriation therefore. This con-  
ference was held and the provisions  
of the act were agreed upon and it  
was drafted and was thereafter in-  
troduced in the senate by Senator  
Wallon and in the assembly by As-  
semblyman Brush of Newburgh.  
This act provides for terminals at  
Kingston and the other said three  
cities and makes an appropriation of  
\$850,000 therefor.

The Interstate Commerce Commis-  
sion, in dividing water transportation  
into transportation costs between  
ports and terminal costs not ports,  
found the surprising fact that the  
average transportation cost was only  
40 per cent while the present aver-  
age terminal cost was 60 per cent.  
In other words the terminal costs are  
fifty per cent more than the trans-  
portation costs. Although we did  
not realize this fact, cities in Europe  
have recognized it for many years.  
In one city on the Rhine, not much  
larger than Kingston, there are forty-  
one great warehouses at its ter-  
minals. Kingston wants one. In  
one city in England, as much money  
has been spent for its terminals as  
the state of New York has spent on  
its entire barge canal, and the earn-  
ings of the port paid all of the cost.

We want a terminal at Kingston  
with the necessary warehouse and  
shed, with co-ordinated railroad  
tracks, with proper machinery so  
that barges and boats can be speedily  
loaded or unloaded, and with up-to-

date mechanical appliances in the  
warehouse and shed. In New York  
city the terminals are congested and  
charges are high and the equipment  
is poor. If up-to-date terminal facili-  
ties can be provided at Kingston  
there is no reason why many ocean  
going steamers should not pass New  
York and come to Kingston to have  
its cargoes loaded on barges for ship-  
ment through the barge canal, and  
take a return cargo, thus exchanging  
cargoes. Besides, it would be of in-  
estimable value to merchants and  
manufacturers in this locality in  
shipping or receiving merchandise.  
We would have direct water com-  
munication with practically the  
whole world as have all cities in  
Europe similarly situated to King-  
ston. As all watermen know bar-  
nacles become attached to the keels  
and bottoms of ocean going vessels  
and by getting into fresh water at  
their destination it results in a sav-  
ing of time and money by making it  
unnecessary to have their bottoms  
scraped so often. There would be  
other advantages to some of the  
ocean going vessels carrying certain  
cargoes for certain parts of this  
country in making Kingston their  
port. However, we must be a port  
first. In order to become such we  
must impress the committees of the  
legislature with our interest in the  
matter and the necessity for action.  
Therefore, it behooves every man-  
ufacturer and merchant and other  
citizens of Kingston who can do so,  
to attend the hearing on March 27th.  
Respectfully,  
PALMER CANFIELD, JR.,

## **SUBURBAN NEWS.**

### **Whiteport.**

Our town was again alive last Sat-  
urday evening when Michael Con-  
nelly, son of John Connelly, came  
home with his bride. He was given  
a skimmington which made him  
wonder where all the people came  
from who were present. Mr. and  
Mrs. Connelly left on Monday for  
Maryland, where Mr. Connelly is  
employed.

The Consolidated had men to work  
this week removing the ice runs and  
tearing down the engine house which  
contained the hoisting apparatus  
along the Whiteport pond.

Ben Sherman has left for New  
York to take charge of his boat for  
the season.

James Heiser of Bay Port, N. Y., is  
stopping at the home of his brother,  
Abram Heiser, for a few days.

Mrs. S. Rowe spent Monday in  
Kingston.

Miss Beatrice Falvey of Kingston  
spent last week with Miss Anna  
Hurley.

Mrs. Susan Elmendorf, who has  
been visiting her children in King-  
ston, has returned to her home, Fair  
View Cottage.

Mrs. Otis Davis and Mrs. Howard  
Winfield visited this place on busi-  
ness Tuesday.

Mrs. Inez Topping of Kingston  
was a pleasant visitor at her old  
home, Elmendorf homestead.

Gilbert Post is assisting Silas El-  
mendorf, with his summer wood.

Mrs. Silas Elmendorf and daugh-  
ter, Mary Emma, were at the home of  
Jacob Middagh, Sunday, to see his  
wife, who is very ill, and also to ex-  
tend their sympathy in the sad loss  
of his mother, Mrs. John G. Middagh,  
who was ill such a short time that we  
can hardly realize she has gone.

Billy Lawson is visiting his grand-  
father, John Lawson, of this place,  
and begins to look quite like a far-  
mer.

Irvin Bush and John Hayes have  
their cards to be in readiness when  
the government calls.

We all miss Loughran Elmendorf  
very much, who is now at Camp Up-  
ton in the 305th Field Hospital, 302d  
Sanitary Train, Yaphank, L. I., N. Y.

It is rumored we are going to have  
new neighbors soon. The hand of  
welcome is extended.

William Robinson and Bill Brod-  
head are cutting cord wood for S. El-  
mendorf.

Charles Kiersted visited the town  
clerk at Hurley on Monday and had  
his dogs registered.

Our sympathy is extended to  
Thomas Chambers's family in their  
bereavement in the loss of their  
grandfather, Luther Lawrence.

Maple Hill.  
Private Leo Trandle, of 837th  
Squadron, who was at Waco, Texas,  
for several months and who is now  
at Garden City, L. I., spent a four  
days' furlough at his home here. Pri-  
vate Trandle enlisted in the Aviation  
Signal Corps on November 1, 1917.  
He speaks of the army as a very fine  
life, also about the severe sand  
storms while in Texas. Private Trandle  
left on Sunday night for Garden  
City, L. I.

day for the Junior and Senior Holy  
Name Societies. Sunday school at 3  
p. m. Lenten devotions at 3:30  
p. m.

St. Wendelin's Church, Ruby, Mass  
at 10:30 a. m. Sunday school after-  
noon, the Rev. George J. Vaeth,  
rector.

All non-Catholics are cordially in-  
vited to hear a patriotic sermon next  
Sunday morning in either church.  
If a man or woman does not go to  
church on a Sunday, once a week, to  
honor God, how can they be honor-  
able citizens of the country. "Render  
therefore to Caesar the things that  
are Caesar's, and to God the things  
that are God's."

The Sunday New York American.

March 17th issue will be "Caed  
Mile Faltie" in every home where  
there is any Irish blood. Austin  
Harrison writes of "Ireland Today."  
Current events from Irish sources as  
described by extracts from latest edi-  
tions of Irish papers received in  
America. Ambassador Gerard's  
great serial "Face to Face with  
Kaiserism" and Rider Haggard's new  
story "Y-Ya" are continued. The  
Pictorial Gravure section will be of  
exceptional merit. Order from your  
dealer today.—Advertisement.

# HOW MUCH SHALL WE GIVE FOR THIS GREAT WORK?

## The Knights of Columbus Campaign For Funds

TO SUPPORT WAR ACTIVITIES

Begins Mar. 17 and Ends Mar. 25, 1918

### The Funds Are To Be Used:

- 1st—To provide Recreation Huts where everyone of every creed is welcome.
- 2d—To provide additional Catholic Chaplains to supply the need of our Catholic soldiers and sailors who number about 40 per cent of the total.

KINGSTON IS  
ASKED FOR **\$23,700.00**

Less than one dollar per capita.

## GOV. WHITMAN SAYS:

"I have seen and am familiar with the work of the Knights of Columbus in the Federal camps where the soldiers of our State are training.

I want to express my very high appreciation of the great work that this organization is doing and to commend it to the people of the State and the Country."

(Signed) CHARLES S. WHITMAN

In Camp  
Over Here

Over there  
with Pershing

KNIGHTS OF COLUMBUS  
EVERYBODY WELCOME

## Our great President has said:

*"A supreme moment of history has come. The hand of God is laid upon the nations. He will show them favor, I devoutly believe, only if they rise to the clear heights of His own justice and mercy."*

**WE** are at war for democracy and humanity. It is an All-American war and demands an All-American unity.

The morale of ALL our soldiers and sailors is strengthened by the knowledge that ALL at home are helping ALL at the front.

The soldier cannot stop after his first, second, or third fight. We at home cannot stop giving with our first few contributions. Our soldiers must continue to fight—we must continue to give.

Nearly 40 percent of our soldiers and sailors are Catholics—three times the quota according to population.

The Knights of Columbus in our war camps are working shoulder to shoulder with the Y.M.C.A. Both have more than they can do.

**"EVERYBODY WELCOME"** cheerily blazons forth from the seventy-five war camp recreation buildings already being operated by the Knights of Columbus.

More are needed over here and "over there" with Pershing. \$10,000,000 must be raised at once. Every soldier or sailor, regardless of his religious leanings, finds here a home and club where he may rest, read, converse and enjoy himself as he desires.

Let no one fail in his duty.

Make up your mind today and say "I Will" subscribe to the War Camp Fund of the Knights of Columbus. A dollar bill—if that is all you can afford—is just as welcome as a \$100,000 check. Sign the "I Will" coupon.

# WAR CAMP FUND

## KNIGHTS of COLUMBUS

Ask Any Collector Unknown Personally to You To show his signed Authorization Card and Ribbon Badge

### REMEMBER!

When the Campaign Workers Call That They Work "For Our Boys."

Greet them with a smile—There is a work of patriotic sacrifice in the interests of the boys who are fighting for you and me.

Give with the Free Hand and Free Heart that manifests your appreciation of our country and those who fight today that this freedom may be preserved for us and our children.

Give as you would have given to Washington at Valley Forge—or Grant in 1863.

GIVE AS YOU WOULD WANT your American Boy to give to his country—if he stood in "Valley of the Shadow of Death for His Country."

## WHAT BOYS DID TO JOIN JR. RED CROSS

Pupils of School No. 3 Showed What They Could Sacrifice to Go Over the Top — County Membership Over 4,000.

School No. 3 of this city went over the top yesterday, when 328 pupils enrolled in the Junior Red Cross, and paid \$52.00.

The pupils in this school in order to become members of the Junior Red Cross sold tin foil, newspapers, old rubbers, one boy even sold his marbles some of them gave up a portion of their war profits earned in shoe shining, some sacrificed their movie money, others their candy money, some of the girls mended babies for hire, some washed dishes, errands were run, some split wood for the neighbors, all of which goes to show that this school is thoroughly American. Patrick H. Cullen is principal. The school deserves a great deal of credit, and Mr. Atkins congratulates the principal, teachers and children of School No. 3, upon the very fine work they have done, and feels very proud of the school. A great many of the parents of these children are foreign born. Mr. Atkins has written to the general headquarters of the Red Cross, stating, the sacrifices that have been made by the boys and girls of School No. 3.

The following schools have also completed their enrollment since the former report:

Allaben School, Broadstreet Hol-School District No. 2, Town of Kingston.

Mount Marion School, Libertyville School, District No. 5, West Hurley School, District No. 6, District No. 1, Town of Gardiner, West Hurley School, District No. 6, District No. 2, Milton.

Over four thousand boys and girls have enrolled so far in the Junior Red Cross, which represents fifty-one schools.

A number of schools who have not yet reported, are holding entertainments, debates, etc., in order to raise funds to become members of the Junior Red Cross and expect to report in a few days.

### OUR DAILY PATTERN

2225—A Simple, Popular Model. The simple gown is the gown of the season. In this model the lines are pleasing and the development is easy. The pockets may be omitted. The sleeve is smart in either wrist or elbow length.

The pattern is cut in 6 sizes 34, 36, 38, 40, 42 and 44 inches bust measure. Size 36 requires 6 1/2 yards of 44-inch material. The dress measures about 27 1/2 yards at the lower edge, with plaits drawn out. A pattern of this illustration attached to any address on receipt of 10 cents in silver or stamps to the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

**Catalogue Notice.** Send 10c in silver or stamps for our Up-to-Date Spring and Summer, 1918, Catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various, simple stitches) and valuable hints to the home dress-maker.

**Foolish Victims of Custom.** A summer hotel in Vermont once tried the experiment of picking horseshoes from the menu, only to provoke indignant protests from the guests against such unheard-of and uncivilized food. A few days later the depleted fish were again presented under the disguise of "mountain trout," when they met with such enthusiastic favor that several men had to be employed for the rest of the season to catch enough of the fish to satisfy the demands of the discriminating guests. These victims of custom would eat trout, but not catfish.

**The Great Crisis.** The great crises of life are often like a bolt out of the blue of a summer day; there is not a moment for preparation. In such crises all that a man has been doing in the way of preparation suddenly bears fruit. He often acts instinctively; he does that which he is in the habit of doing and because he is in the habit of doing his best and all his instincts prompt him to put forth the best that is in him, he seizes the golden moment and does not discover until afterward that it was golden.—Hamilton Mabie.

### CROWD TURNED AWAY FROM HIGH SCHOOL

War Pictures Shown There Friday Night Were Witnessed by Capacity Audience—Two Performances Tonight—The Pictures Are Free.

More than twelve hundred people saw the official war pictures which were taken under the direction of the United States government at the high school auditorium Friday night, and many people were turned away because they were unable to secure admittance.

On account of the interest displayed in the pictures, two performances will be given at the high school auditorium tonight, the performances beginning promptly at 7 and 9 o'clock respectively. On account of the impossibility of making the auditorium dark during the daytime there was no matinee this afternoon.

The pictures were pronounced the finest war pictures that have been shown in this city and come fully up to the expectation of those who had heard of them. They indicate clearly, as stated in The Freeman, the immense work which is being carried on by the government, and not the slightest detail which would be of interest to the American people has been omitted. Army and navy scenes are shown and the work in the cantonments receives especial attention.

A new screen was used at the Friday evening performance which brought out every detail of all the pictures with the greatest possible clearness. The performances are free to the public and everybody who is able to get to the high school this evening should take advantage of this rare opportunity.

At Friday night's performance appeals were made for support for the Knights of Columbus War Fund, which will be devoted to war purposes for our soldiers here and abroad in co-operation with the Y. M. C. A., and a four minute address also was made for the income taxpayers to make their returns. The speakers at tonight's performances will be John M. Cashin and Senator Charles W. Walton.

### True Gospel of Work.

Work is the glory and delight of life, and the only acceptable excuse for being in this world, and the object of all practical investigations of the principle of fatigue and recovery is to find out not what is the least possible amount of work that a human being can get along on, but what is the greatest amount that he can do without decreasing his working capacity. Such is the gospel of work which those who are not of the elect may regard as hard doctrine.—Exchange.

### Friendship.

Friendship is a vase which when it is dented by heat, or violence, or accident may well be broken at once; it can never be trusted, after. The more graceful and ornamental it was, the more clearly do we discern the hopelessness of restoring it to its former state. Coarse stones, if they are fractured, may be cemented again; precious stones—never.

HONOR AMERICAN HEROES.

HONORS FOR AMERICAN HEROES WHO DIED IN FRANCE.

The burial of Corporal James B. Gresham, Privates F. Enright and Merle D. Hay, the first Americans to die in the great war, was marked with impressive services. Through out the ceremony at the graves, French batteries, from their positions, fired minute guns over the village at the German trenches.

### Let the Cows Have Music.

We have it on the authority of a farmer in the state of Wisconsin that cows to which the phonograph, or gramophone, has been played while they are being milked have given two quarts of milk a day more than they ever did before. Professor Barker remarks upon this that cows will do a lot better if they are entertained and amused, and that a great deal depends upon their mood.—London Tit-Bits.

### Really "Playing the Game."

When a soldier plays the game, he does things which it requires a braver man than himself to accomplish; he never knows when he's done; he acknowledges no limit to his cheerfulness and strength; whatever his rank, he holds his life less valuable than that of the humblest; he laughs at danger not because he does not dread it, but because he has learned that there are ailments more terrible and less curable than death.

### Battle Against Dry Rot.

Dry rot is a wood disease that is giving serious trouble in some localities and engineers are prescribing preventive and curative remedies. It is especially urged that every trace of the infection be removed from timber for buildings. The infected spots are to be killed to retain the spores and are then to be completely removed and burned. The diseased wood is to be kept from contact with other building material, while saws used in cutting it are to be afterward sterilized.

### Daily Thought.

The men and women that are lifting the world upward and outward are those who encourage more than criticize.—Elizabeth Harrison.

An ordinance for the grading and paving, curbing, guttering and flagging and for the construction of sanitary and storm sewer lines in Field Court from the intersection of said street to Broadway, Kingston do ordain as follows:

Resolved, that said Field Court between the east curb line of Broadway and the east curb line of said street be graded in accordance with the grade established by ordinance passed September 7th 1915.

Resolved, that said Field Court shall be paved with a Bituminous or Asphalt Macadam pavement for its whole length.

Resolved, that sanitary and storm sewer lines with the necessary branches, manholes and other appurtenances be constructed, connected at a point near the east curb and said Field Court and running thence to a connection with the existing sewers on Broadway.

Resolved, that the sidewalks on both sides and at the exterior end of Field Court be curbed, guttered and flagged in accordance with the grade of said street. The curbs shall not be less than four inches in depth nor less than four inches in thickness. The gutters shall be fourteen inches in width and at least three inches thick. The curbs shall be set to the established elevation and grade of the street and cut to the curves of the proper radius at intersections. The gutter stones shall be laid with a rising inclination of one inch from the curb line toward the center of the street and so that the surface of the gutter stones shall be six inches below the top of the curb. The sidewalks shall be flagged with smooth, smooth flagging stones, set in width and at least three inches apart and shall be laid with a rising inclination of one-quarter of

March 18th to 25th—to Secure 2,000,000 Books FOR OUR SOLDIERS AND SAILORS

Their funds are needed to buy technical books. They hope that books for entertainment and pleasure will be donated!

DO YOU PART IN MAKING THIS TREMENDOUS GOVERNMENT BOOK CAMPAIGN A SUCCESS!

March 18th to 25th

We have books suitable for the above purpose which we offer for one week at a special price of

THREE for ONE DOLLAR

Forsyth & Davis Inc. BOOKS AND STATIONERY

as much per foot from the curb line to the street line. All curbing, guttering and flagging shall be embedded in sand or other equally good material, and shall be laid in place and compacted. Such curbing, guttering and flagging shall be made and completed within the time above specified the expense of resulting grading shall be paid by said owner or occupant and the Board of Public Works may have the curbing, guttering and flagging done at the expense of the delinquent owner or occupant.

Provided, however, that if any property owner so elects concrete sidewalks and curbs and gutter of approved construction satisfactory to the city engineer and of the designated width and depth as herein provided may be used in place and stead of flagging.

Resolved, that such grading and paving and the construction of the sewers, the branches and other appurtenances be constructed in accordance with the plans and specifications to be prepared by the city engineer and approved by the Board of Public Works. That such improvements be made by and under the supervision of the city engineer, by the contractor or by the Board of Public Works, and the cost and expenses thereof when certified by

JOHN J. LINCOLN, Assistant Secretary of the Board of Public Works.

## LEBOIS PUTS UP A STIFF FIGHT

He Was Taken to Middletown State Hospital Friday Afternoon—Officials From Sheriff's Office Had an Exciting Time Getting Him on an O. & W. Train.

Henry LeBois, who, as told in The Freeman Friday, tried to hang himself in the county jail early Friday morning, was taken to the Middletown State Hospital Friday afternoon.

At the Ontario and Western station here LeBois put up a terrific fight, and it took Sheriff Smith, Under Sheriff Haulenbeck, Night Jailor Joseph and an attendant to put LeBois on the train.

LeBois is about 25 years old, muscular and powerfully built, and Friday he possessed superhuman strength.

LeBois was quite a hot man at one time and it is said that his mental condition is due to injuries sustained in a fall from a horse.

Quite a crowd was in the lobby of the court house listening to LeBois's wild tales that he told just before the taxicab came in which he was conveyed to the station.

He entered the taxi willingly and did not put up a fight until the officials attempted to put him on a train. Then the excitement began and passengers about to board the train retreated to a safe territory, from which they viewed the fight.

The officials finally got LeBois on the train, where he said that he struggled so because he thought they were going to take him to the reformatory at Napasoth.

## ARTILLERY HORSES KILLED BY POISON

By Telegram to The Freeman.

Cincinnati, O., March 16.—At least 100 artillery horses are dead and more are almost certain to die in Covington, Ky., this morning, following what Federal secret service agents believe to be the result of a German poison plot. The horses were part of a shipment which left Camp Grant Tuesday night and were destined to go to the American army in France.

"The horses were poisoned in Covington," said an army officer, "as they they left Camp Grant in the finest of condition and stood the 18 hour trip without being fed or watered and arrived in excellent shape. Unloaded here to feed and water."

Examination is being made by veterinarians but so far they have failed to determine what kind of poison was used.

### SOCIETY NOTES.

Mr. and Mrs. Charles Messinger, Sr., celebrated their golden wedding anniversary at the home of their daughter, Mrs. George R. Albertson, of Ravena, N. Y., on Friday, March 15. Those present from out of town were Mrs. Charles Legg, Mr. and Mrs. Charles Messinger, Jr., and daughter, Helen, Mrs. Theodore Messinger and daughter, Margaret, Mrs. Harry R. Snyder and son, Raymond. Mr. and Mrs. Messinger were well remembered with flowers and gold pieces from their many friends.

### THE JOINERS.

News of Interest to Members of Fraternal Societies.

Wednesday evening of next week Mystic Court, No. 62, Order of the Amaranth, will hold at Masonic hall, corner Broadway and Strand, a cabaret party. A pleasing program consisting of music, readings, etc., has been arranged by the committee and will be given before the unwinding of the web, dancing will follow the entertainment. No admission will be charged and all are welcome.

Kington Encampment No. 125, I. O. O. F., will hold their regular meeting on Monday evening. It is requested that every member be present. A large class of candidates will receive their first degree at this time. For some time the members were striving hard to receive new members, and under the leadership of the Chief Patriarch William H. Gruberg, they have been more than successful in procuring a fine class as has ever been taken into the encampment. The members of the encampment feel that they have just begun, and that every member will do his utmost in the work. The Degree of Master Mason has been selected by the board and has been drilling them so as to make the deepest impression upon the class. Your feeling for the encampment will be shown on Monday evening by your presence. The nomination of officers will be made at this time also.

### Food Saving and Music

On Monday evening a food conservation demonstration will be given by the local agent, Miss Lillian M. Stuart, in the school hall at the Spring Street German Lutheran church. There will also be an entertainment given under the auspices of the Ladies Aid Society. Mayor Canfield will make an address, and Mr. and Mrs. Herman La Tour will sing a number of selections. Harry F. Dodge will furnish the accompaniment.

### DIED.

STOLL.—In this city, March 14, 1918. Jacob F. Stoll, in his 72nd year.

Funeral service at the residence of his daughter, Mrs. Fred T. Hunt, 21 Emerson street Monday March 18, at 2 p. m. Relatives and friends invited. Interment in the family plot, Rural cemetery, Rosendale Plains.

Friends and Grand Army invited.

## AMUSING PLAYLET FRIDAY EVENING

"Look Out for Pain" is Presented in Creditable Manner at St. James's M. E. Church—To be Repeated Next Friday at School No. 6.

A large and appreciative audience enjoyed the playlet entitled "Look Out for Pain" given Friday evening in the Sunday school room of St. James's M. E. Church by the Queen Esther Society and the Knights of Ceres and Crown.

The playlet was presented in a creditable manner, with special stage effects which added much to the pleasure of the production. After the performance ice cream and cake were sold and an informal social hour enjoyed.

The cast was as follows: Susan Rodney, the father's wife, Mrs. Minnie Rodney; Helen Rodney, the mother's daughter, Mrs. Anna Wynkoop; Hattie Rodney, a stenographer from the city past thirty and anxious to wed, Mr. M. Helen Freer; Lucinda Wheaton, a widow in her 40s; Mrs. Mary Rodney; Mrs. Gertrude Libolt; Hiram Rodney, owner of "Cherry Hill Farm" (George Kotzky); Percy Henrich, an artist, in love with Rodney's daughter, Helen; Frank Heyman; Hickory Homespun, a basinet farmer, who is well to do; Raymond Lebolt; Trotter, a roamer, a tramp, who is a painter by trade; Maurice Niles; Bill, a big, good-natured boy who does the chores, Lewis Shaw.

Between the first and second act Miss Pauline Kaufman entertained with piano selections in a capable manner. Between the second and third act the Misses Marjorie Nord and Frances Kolder rendered a vocal duet in a composition entitled "A Japanese Love Song." The little duets were very clever and received deserved applause and for an encore gave "A Paper of Pins." An original song set to the tune of "Over There" was sung by the entire company in closing.

The playlet was directed by Miss M. Helen Freer. Helen M. Rose was business manager. It will be given again next Friday evening at School No. 6 and the proceeds will be donated to charity.

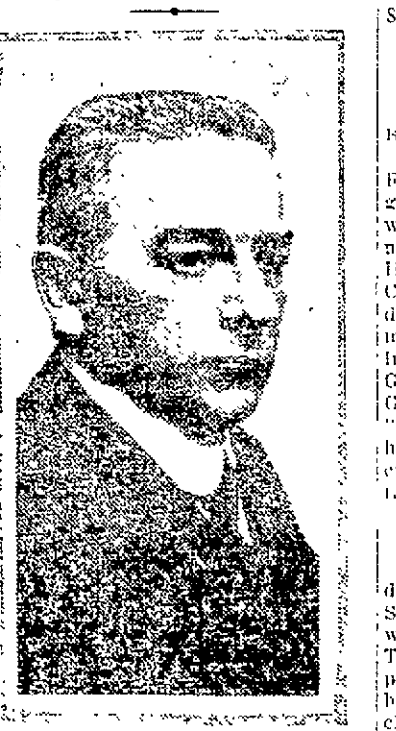

### ABOUT THE FOLKS.

Miss Margaret Schidwachter of the Bronx is spending a week with Miss Mary McAndrew.

Miss Cornelia Van Aken of 328 Broadway has returned home after spending the week end with Mr. and Mrs. Garrison Brink of Bridgeport, Conn.

Mrs. Ed McKinnon of Kingston Point left Thursday morning for Fayetteville, North Carolina, where she expects to spend some time with her mother and friends. She was accompanied by her husband as far as New York city.

Mrs. Jacob Kopf, an aunt of Mrs. John Hein, Mrs. George Rippert, Mrs. George Schuler, Mrs. Charles Purdy and Master Jacob Rippert, all of Ellenville spent Thursday with Mrs. John Hein on Washington avenue, in honor of Mrs. Kopf's and Mrs. Hein's birthday anniversaries.

LE ABBE METTERVE

FORMER MEMBER OF GERMAN REICHTAG WORKING FOR RESTORATION OF ALSACE TO FRANCE.

Le Abbe Metterve for years the voice of Alsace in the German Reichstag, is an exile in Paris. He was the deputy of the Alsace district of Rheims in the Reichstag for twenty years. For his many bitter speeches in the Reichstag he was recognized by German authorities as an open enemy. At the outbreak of the war, he fled to France through Switzerland. He has been active in keeping alive the animosity of the French people against Germany. His entire estate in Alsace had been formerly declared "Germanized in the German town."

Marshall Farms Corporation By Telegram to The Freeman. Albany, March 16, (Special)—Articles of incorporation have been filed with the secretary of state by Marshall Farms Corporation of Kingston, to deal in farm and dairy produce. The company has a capital stock of \$4,500 and the incorporators are Samuel Friedman, George Golden, New York, and Emma Moore, Brooklyn.

Twelfth Ward Workers. The Catholics and ward workers of the C. C. War Fund Drive of the Twelfth ward will meet in the office of the Mellen Tobacco Co. Sunday afternoon at 1 o'clock.

## AMERICAN FIRE VERY ACCURATE

By Telegram to The Freeman.

With The American Army in France, March 15.—(Delayed)—American batteries last night again wiped out certain spots in the German first line on the Toul front, where it was suspected the enemy had placed some gas projectors. American observers located the spots and artillery fire was directed at them at intervals all night long.

Today aviators flew over the German lines taking photographs. They showed that the American gunnery had been deadly accurate, the suspected position being completely destroyed.

The Germans have given up their attempt to fire shell for shell against the Americans. They tried this at first but the Americans, who even yet have not reached their limit, set too hot a pace for the enemy.

It has been learned from German prisoners that German officers have to continually warn their gunners against waste of ammunition.

A few German snipers have become busy again. The Germans also are working hard to try to rebuild their position which has been destroyed by American artillery fire.

The weather improved today, a cold wind drying up the muddy roads. The Americans welcomed the change. The transport section was also highly pleased.

The wind has interfered with aerial activity some, although captive balloons were sent up by both sides today.

### LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Mrs. Elmer Shader died at her home in High Woods, March 13, after a long illness, due to dropsy and other complications. Deceased is survived by a husband and four sons. Her age was 56 years. The funeral was held in St. John's Church, The Clove, this morning. Interment in St. Mary's Cemetery, Saugerties.

Mrs. Mary McLaughlin, daughter of the late Patrick McLaughlin, and widow of Michael McLaughlin, died at the home of her daughter, Mrs. James Dowd near Milton, on Sunday, March 10, in the 77th year of her age. She is survived by two sons, Frank and John, and one daughter, Mrs. James Dowd. Requiem mass was said at St. James's Church on Thursday at 10 a. m., and the interment was at Lattingtown.

### Chicago Grain Market.

By Telegram to The Freeman. Chicago, March 16.—Corn closed 2 1/2c lower today and oats were 1 1/2c lower.

### Closing Prices.

Corn—March, 126 1/2; May, 123 1/2; Oats—March, 84 1/2; May, 82 1/2; 52.

### Cash Grain.

Corn—No. 5 mixed, 105 1/2; No. 6 mixed, 100 1/2; No. 3 yellow, 152; No. 4 yellow, 125 1/2; No. 5 yellow, 110 1/2; No. 6 yellow, 99 1/2; No. 5 white, 100 1/2; No. 6 white, 95 1/2. Oats—No. 2 mixed, 88 1/2; No. 2 white, 88 1/2; No. 1 white, 87 1/2; No. 4 white, 89 1/2; standard, 87 1/2; Timothy, 50 1/2; Clover, 52 1/2.

### He "Got" the Sniper.

By Telegram to The Freeman. With The American Army in France, March 16.—A certain sergeant, an old-timer who formerly was in the cavalry, has long been annoyed by a certain German sniper. He finally decided to "get" him. Creeping out into No Man's Land during the night he located the German in a tree. He waited until daylight and then drew a bead on the German. He fired just once and the German toppled out of the tree. "He didn't need the shot to kill him," the sergeant said after he had crept back to his own lines. "The tall alone would have done it."

### Gruberg Given Chance.

Joseph Gruberg was arrested Friday afternoon on Broadway by Officer Shader for driving his automobile with the rear number plate missing. This morning Gruberg explained in police court that he had had a number plate but had lost it. He was discharged with a warning.

## K. H. S. LOSES TO POUGHKEEPSIE

Judges Decide 2 to 1 in Favor of the Affirmative Upheld by Poughkeepsie High School.

Friday night, March 15, in the auditorium of Poughkeepsie, crowded almost to its fullest capacity with citizens of Poughkeepsie and of Kingston, the Poughkeepsie high debating team met the debating team of Kingston high and in that duel of words which was the debate on the question of universal military training and service that is. "Resolved, that the United States should at the close of the present war adopt a fixed policy of universal military training and service." Poughkeepsie won. The decision was not unanimous, being only 2 to 1 in favor of Poughkeepsie. It was rendered by Professor James Baldwin and Miss Helen E. Sander, both of Vassar College, and Miss C. H. McMaster of Hudson, N. Y. Kingston was represented by Ralph Hilier, Theodore Westbrook, Agnes Smith and Ernest Paltin; Poughkeepsie by Graham Sterling, Jr., William F. Moehrke, Emmet G. Lavery and Genevieve Brisbane.

### GENIUS INSPIRED BY WAR

John Masfield, English Poet and Novelist, Sees Feast of Spiritual Conceptions in Future.

John Masfield, the poet and novelist, thinks that the devastating war in Europe by way of compensation will inspire great intellects such as flourished after the Napoleonic struggle. "We shall have new Darwins, Spencers and Carvels with new messages that will reach the whole world. We shall have new Shelleys in poetry. People will feast upon new spiritual conceptions as remote as possible from the great tragedy. They will turn to the romantic and fantastic, the beautiful, just as they did after the Napoleonic wars."

That is a consummation devoutly to be wished. Certainly in the present death of genius it is gratifying to believe that the world has a new Shelley and a new Byron in the cradle, born at the outbreak of the war as they were born at the outbreak of the French revolution. Perhaps there are other Darwins and Spencers and Carvels to come. But considering that the "First Principles" was published in 1862, "Science" in 1872 and the "Descent of Man" in 1871, did the Crimean war and our own Civil war have any part in inspiration? Shall we infer that the war between the states stimulated mid-Victorian literature while doing little to inspire American letters?—Exchange.

### Roman Glass Makers.

Rome is supposed to have entered upon glass making only some 300 or 400 years before the Christian era. She brought it into the empire along with her other conquests. Alexander Severus, 220 B. C. levied a tax upon the manufacture within the imperial city, and in the reign of Tiberius the glass makers had an entire street to themselves in the Porta Capena.

### Left-Handedness.

At least one human being in fifty is left-handed. This is the minimum estimate. Some authorities say four in fifty. W. Franklin Jones declares that 4 per cent of the race are born left-handed, but about three-fourths of these are converted by training into more or less imperfect right-handers. On the other hand, about 1 per cent of the race, though born right-handed, is trained to use the left hand because of accidents to the right.—Scientific American.

### Every Affection in Patriotism.

Dear are our parents, dear our children, our relatives and our associates, but all our affections for all these are embraced in our affection for our native land.—Cicero.

### Pick and Parsnips.

The first thing from the garden in the spring is the parsnip. We got a fine mess from our garden on Wednesday afternoon by using the pick to get through the frost, which was only about two inches deep.—New Paliz Independent.

## ANOTHER BUS LINE STARTS ON MONDAY

Will Run Between Kingston, Woodstock and Bearsville—Secured Through Trade Expansion Committee of Chamber of Commerce—Large and Comfortable Bus to be Used.

Through the efforts of the trade expansion committee of the retail merchants' group of Kingston Chamber of Commerce, a bus line will be operated between Bearsville, Woodstock and Kingston, by Stanley Longyear of Woodstock.

The first trip will be made Monday, March 18. A large and comfortable automobile bus will be used and for a time one trip will be made a day. A little later in the season if the line is patronized well other busses will be added and more trips made daily.

The bus will leave Bearsville at 8:45 a. m., Woodstock at 9 o'clock, and West Hurley at 9:30. Returning it will leave the Kingston Hotel, via Wall street, at 3:30 p. m.

The trade expansion committee thinks that this line will be a good thing for Kingston merchants and it should be well patronized. Bus lines are always a good incentive to bring in business from suburban territory.

With the addition of the new bus line Kingston and its suburban territory is well connected by automobile lines, which bring shoppers here from Margaretville, Phoenicia, Saugerties, High Falls, Rifton and New Paltz.

### NOVEL AND NEW

The metal cap of a new fruit jar is slightly convex and by depressing the center the edges are sprung away from the jar.

Tubes made of glue have been invented in Europe for handling petroleum, gasoline and some gases in place of rubber tubing.

For the use of persons who have lost the use of their legs an easily operated motor-driven wheeled chair has been invented.

Artificial coloring of gold fish by keeping them in water containing certain chemicals is extensively carried on in Sicily.

Argentina is the chief consumer of tea among the nations of Latin America, importing more than 3,000,000 pounds from Asia last year.

For the use of bow-legged men a light, flexible frame has been invented to be strapped to a leg by a garter to make trousers hang straight.

### AROUND THE WORLD

Chile is erecting from 60 to 70 new school buildings each year.

According to British figures the world's consumption of tea is steadily increasing.

Six varieties of seaweed are used by the Japanese in the manufacture of vegetable isotiglass.

Compressed peat is being developed by a European inventor as a sound insulating material.

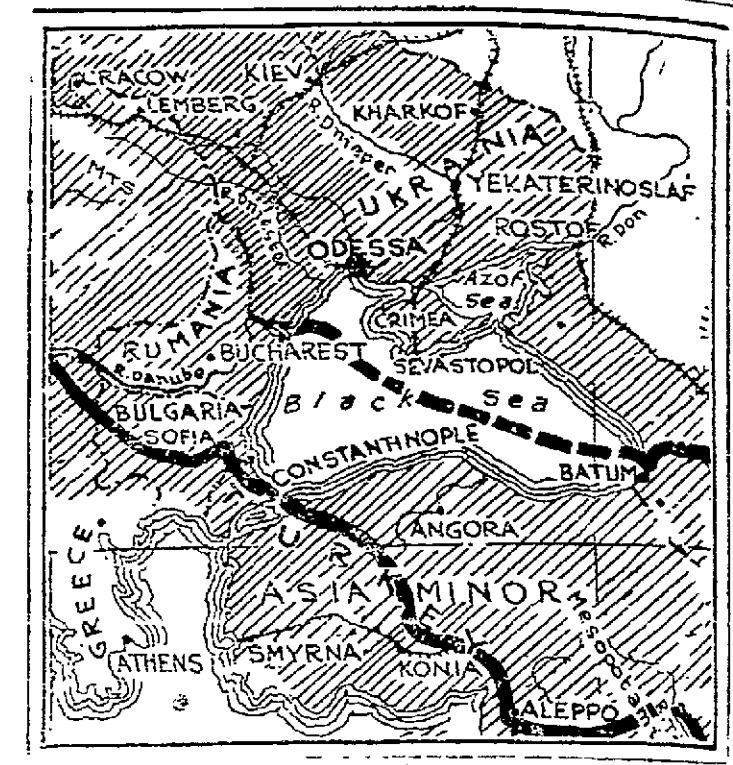

Because of the shortage of print paper in France, paper mills dating back to the sixteenth century have been again put in operation.

### Qualified Explanation.

The teacher had asked the children to tell her something about giants, when one little boy blurted out: "A giant is an awfully great—oh, big, big man—" and then a pause and, fearing some one would think he believed in them, quickly added: "But most everybody knows there isn't any!"

### Life's Inspirations.

There is no greater joy than the feeling that some act of ours has inspired another to be brave and strong. One of the beautiful things about right doing is that it is an inspiration to others. No life is a real success which has not scattered inspiration along the way.

MAP SHOWING THE GREAT BLACK SEA PORT AND ITS TRADE PORTANCE.

Odessa is the largest shipping port of Russia. Immense quantities of grain produced in Southern Russia passing through it. Its situation near the great waterways of the Dnieper and the Danister makes it the natural outlet for the exports of the southwestern provinces. Odessa is 96 miles from Petrograd, 230 miles from Kiev and 380 miles from Constantinople, and supplies a direct water route to Batum, where the Transcaucasian Railroad opens a way to Persia.

**Rose Always Popular.**

It is doubtful if there is any other flower so widely spread over the globe, so universally represented among the races of men in all times as the rose. Before the Christian era men chose the finest of the species and improved them insofar as possible. And it was during the invasion of the barbarians from the north German countries during the dark ages that the culture of the rose was driven into the more protected places, like the convents and the larger castles.—St. Louis Republic Illustrated Sunday Magazine.

**Birds' Sweet Songs.**

The bluebird, who lives by the side of a purring brook, has a tinkling voice that reminds one of running water. The bobolink, who will have no home but a meadow, showers down a cascade of melody that he has caught from the breezes sighing through the sea of grass or clover-heads. And in like manner, "Passer domesticus," ornithologists call the grimy little British sparrow, has tuned his vocal chords to the clatter of boots over cobblestones, the roar of the elevated, policemen's whistles and other harsh sounds.

**VELIE SPORT MODEL**

**Sets a Pace For Them All**

Every one turns for a second look at the Velie Four-Passenger Sport Model. It is hung very low, with low body and deep seats. Individual steps displace the customary run-boards. The exhaust manifold extends through the engine hood and to the rear with a long, graceful sweep. The Victoria top lends the final touch of individuality. At sixty, the Velie Sport Model clings to the road like a veteran. At six it throtties evenly and steadily without a miss or throb. Price \$1,850. Wire wheels extra.

There are eight other Velie body styles, open and closed, including Five-and Seven-Passenger Touring Two and Four-Passenger Roadster, Coupe, Cabriolet and Town Car. Let us demonstrate the car of your choice.

## MANY BARGES ARE READY FOR TOW

**During Past Winter About a Dozen Barges Have Been Built and Launched Along Rondout Creek—River Ice Still Holding.**

During the past winter about a dozen barges have been built and launched at the shipyards along the Rondout creek, and are awaiting opening of river navigation to be towed to New York city and delivered to the owners for whom they were built. In addition there are about the same number of barges on the ways, and rapidly nearing completion at the local yards.

The past winter has been an exceptionally busy one for the shipyards and but few days were lost through the men being forced to knock off work on account of the weather.

Several of the barges launched this past winter have been loaded with ice for the New York market. This ice was harvested from the Rondout creek and it was an unusual sight to see a newly launched barge floating in a narrow channel of open water being filled with ice cut and harvested within a short distance of the barge.

The sudden change in the temperature which turned off cold and tightened up the river ice is said by weather experts to have been caused by the electrical storm that preceded the tightening up of the weather. This morning there was a heavy skimming of ice on the open water in the Rondout creek but the swell of the transport soon broke up the ice.

At the Central Hudson Line office on Ferry street it was stated this morning that no word had been received from Newburgh as to whether the steamer Poughkeepsie had been successful in breaking her way through the ice from New York to Newburgh. When an attempt will be made by the Central Hudson to send a boat through to Rondout is also unknown.

The Temperature.

The lowest temperature registered at the Freeman's thermometer last night was 13 degrees. The highest point reached up until noon today was 39 degrees.

Weather Forecast.

Washington, March 16.—Fair tonight; warmer; Sunday fair, warmer.

**ELLENVILLE FAIR  
DATES ARE FIXED**

At a recent meeting of the Ulster County Agricultural Society held in Ellenville it was decided to hold the thirtieth annual fair on the fair grounds in that city August 20, 21, 22 and 23 of this year. The superintendents of the various departments remain the same as last season. A new department to include various agricultural contests for the boys and girls on the farms was instituted and H. L. Smith was elected superintendent of that department. Owing to the high cost of water it was decided to omit the floral parade which has always been a feature and place more emphasis on the racing.

W. S. S. means We Shall Sacrifice needlessly to help win the war by buying War Savings Stamps.

**READING MATTER  
FOR THE SOLDIERS**

Two Million Books Needed for the Camp Libraries and for the Men "Over There"—Intensive Book Campaign March 18-25.

Two million books are needed by the Library War Service of the American Library Association to furnish reading matter to soldiers and sailors in camps in America, on transports, on board naval vessels and overseas.

A big drive to get these books is to be carried on in Kingston during the week of March 18-25, and every family will be given the opportunity to help.

A fund of a million and a half dollars was raised last September to build camp library buildings at thirty-four camps, equip them, and purchase such books as are not given. The buildings are finished, the libraries are being actively used and the service is being extended to hospitals, in all Y. M. C. A. and K. of C. huts, hospitals, Y. M. C. A. hostess houses and to chaplains in smaller forts, ports and on naval vessels.

Several hundred thousand books have already been given and more than one hundred thousand books have been purchased.

Since September, Kingston people have generously contributed about eight hundred books and nearly three thousand magazines, which the public library has forwarded. But for the past two months there has been a decided falling off in the number of gifts and a decided increase in the number of soldiers being sent to the camps.

There are many expensive technical books needed which will not be supplied by gift. In order that the fund may be used for these purchases and for administering and extending the service, the public is now asked to make large gifts of popular books. No more magazines are needed just as present since a sufficient quantity has been received through the one cent stamp arrangement, but all sorts of books are in demand and the demand far exceeds the supply. Surely every family in Kingston has at least one book which can be spared. It may be the means of much enjoyment to some lonely soldier in his unemployed hours.

A soldier in need of unemployed N. J. camps had heard of the A. L. A. work but his station was too small to have a camp library of its own, so he wrote to the nearest public library. "Can't you send us something to read?" he asked. "We don't got no books. We are regulars but we get just as lonesome as the National Guards."

A Christmas box was made up. It contained books, food and tobacco. It was directed to "Private Smith and his friends, Camp Blank."

Back came a letter of acknowledgment. "Thank you for the box. If you ever done it good to anybody you done it good to me, but please don't bother to send the cats. Use all the spare for books. Books is what we want."

Persons responding to this call for books can apply the text: "Would the men of my acquaintance enjoy this book?" If the answer is in the affirmative, it's a good book for camp libraries.

Books may be left at the public library any week day or if the books cannot be taken to the library, they will be called for if the librarian is notified.

**INDOOR BASEBALL  
THURSDAY NIGHT**

There is a large amount of interest in the coming indoor baseball game which will be played at the armory Thursday night by the teams of the city policemen and Company M, for the benefit of the Red Cross. The game will follow the weekly drill of the company and a small admission will be charged.

Charles Davis will be captain of the Company M team and Chief of Police Wood will captain the cops. Captain Davis will be pitcher for the soldiers' team.

The teams are about evenly matched and from the standpoint of the fan there is no choice in picking a winner.

Company M's lineup will be as follows: Davis, pitcher; Crosby, right field; Gerhardt, short stop; Martin, second base; Preston, center field; Burr Reynolds, catcher; Muller, first base. Joe Gleason, third base.

**Masquerade Ball.**

at Binnewater, postponed on account of the death of Jacob F. Stoll, my father. Very much will be held on Saturday, March 23rd.

J. W. STOLL.

Call to see our representative at the Ulster Hotel, on Saturday night, March 16th, and Sunday, March 17th.

**PRESBYTERIAN MEN  
PLAN YEAR'S WORK**

Annual Get-Together Meeting of Men of Rondout Presbyterian Church Held Friday—Ladies Entertain Them at Dinner.

An exceptionally good dinner, oratory and music marked the annual get-together meeting of the men of the Rondout Presbyterian Church held Friday evening in the chapel of the church at which time the men were the guests of the ladies of the church at a real pie dinner with all the fixings.

For several years past it has been the custom of the ladies of the church to entertain the men at a dinner served preparatory to the yearly every member canvass of the church which occurs on a Sunday in March each year. These dinners have always been well cooked and served and the spirit of fellowship that prevailed among the men of the church has always made the dinners noteworthy.

The dinner served Friday was fully up to if not beyond the standard established in past years, and the men did justice to the good things that had been cooked for them. The tables were handsomely decorated with carnations and the national colors, while the place cards bore American flags and with the church service flag, which is hung in the chapel, a patriotic note was struck.

Under the leadership of Dr. C. H. Bishop, a number of stirring selections were sung by the men and during the evening Clarence Rowland sang two songs, which were applauded.

Frank D. Dewey presided as toastmaster and brief addresses were made by Frank R. Powley, who is president of the board of trustees, James G. Van Kenren, of the session, and the Rev. Dr. C. C. Ellis, pastor of the church. They spoke of the work of the church and that it must not be allowed to lag behind. Dr. Ellis spoke particularly of the work of the session and said that to become a member of that body should be the aspiration of every young man of the church as they grew older.

The every member canvass of the church will be held Sunday afternoon. The budget this year calls for the raising of \$4,500.

The principal address of the evening was delivered by the Rev. Putnam Cady, of the First Presbyterian Church on Elmendorf street. Dr. Cady delivered an interesting message and urged more loyal support of the church.

PEGGY BAKER, DAUGHTER OF THE SECRETARY OF WAR, RELEASING WINGED MESSENGER.

Peggy Baker, little daughter of the Secretary of War, shown releasing a carrier pigeon with a message from Mrs. Woodrow Wilson to Mrs. Charles S. Whitman, wife of Governor Whitman, of New York. The bird carried an answer to an invitation sent to the president's wife by Mrs. Whitman, to attend the Military-Naval Meet and Ball at New York, for the benefit of the Women's Overseas Hospitals. The flight was a forerunner of the establishment of a military pigeon service between cities of the country. This service would be of especial value in the event of a breakdown of telegraphic facilities.

**Bit Too Clever.**

A pretty good illustration of the way in which cleverness often overreaches itself is provided by the English sparrows, who conclude in their smart and superior way that the piece of nice, nourishing suet swung to a branch of our cherry tree by a prominent member of the Audubon society is some new kind of trap and won't go within smell of it, with the result that the less self-sufficient and more trusting cardinals and downy woodpeckers get all the good of it.—Ohio State Journal.

**ROWLAND PLEASED  
WITH CAMP LIFE**

The following letter to Secretary Thornberry of the Y. M. C. A. was received by that gentleman recently:

March 8, 1918. 6:45 p. m.

Dear Big Fellow:

I have just had mess, so being full, I'll drop you a few lines from camp. This life couldn't suit me better and I sure feel fine.

Our group is under quarantine until the 14th. This is customary with rookies so don't be afraid of contaminated paper.

Today was "Get Out" day and most of us hit for another company. It sure is great the way one is used for they give you your choice of any line and—then put you where they need you. I was transferred to the Headquarters' Company, so have no kick coming.

When 5:45 pulls around there's no rolling over and dreaming a few more at Camp Thompson; it's up and in line at 6 bells.

How are the allies coming along? I sure hope the receipts were as large as you wished them to be.

We sure had one grand time on the way to camp and I guess Godfrey knows it. The fellows surely appreciated what the Y did.

Are all the force as industrious as usual? Tell Mr. Hines I won't bring any more complaints to him for some time.

Hurry worked hard enough for two memberships before Riel and I left but you know how easily I part with kale especially when I saw no income in side issues from the allies.

Am going over to movies so will cease scribbling.

Give my regards to all the Y force and also all the member friends.

Yours,

PRIVATE JOHN E. ROWLAND,  
Co. B, 396th Inf., Camp Upton.

**ELLENVILLE.**

Ellenville, March 16.—At the March meeting of the directors of the Home National Bank on Tuesday, by vote, it was decided to lease the rooms in the Hunt Memorial Building, for the new home of the bank, and after they are put in order the bank will move to the building, and will have a fine up-to-date home for the bank.

There was a large attendance at the Reformed Church prayer service, held at the home of Mr. and Mrs. John A. Tice, on Center street, Wednesday evening. Mr. Tice was the leader of the meeting and he gave a most excellent talk on the Sunday school lesson for Sunday, March 6, 7-13:40. He was followed by the pastor, the Rev. W. S. Maines, who also talked on the lesson. Both were very helpful talks to the profit of all attending. The singing was under the direction of Mrs. Manes and Miss Julia Hoornbeek.

At a meeting of the directors of the Ulster County Agricultural Society the following officers and directors of the society were present: President Frank J. Potter; W. K. Shook, George J. Hoornbeek, John McDowell, George B. Holmes, George R. Van Aken, John Heitzman, Henry Froehde, H. W. Coons and R. W. Thompson. It was unanimously voted to hold the fair this year, and the date was selected, August 20-23. Superintendents of the various departments remain the same as formerly. A new department will include various agricultural contests for the boys and girls on the farms, and H. L. Smith was elected superintendent. The following scale of prices governing admissions were adopted: Single admissions, 50 cents; season tickets, \$1.50. Children under 12 years, 15 cents. Vehicles, 25 cents. The floral parade will be omitted this year and more emphasis placed on racing.

The union services will be held in the Reformed Church Sunday. The Rev. J. E. Appleby will preach the morning sermon and parents of all the boys of the three churches, who are in the service of the nation, are invited to be present as special guests. The Rev. H. G. Corleis of the Lutheran Church will preach to the united congregations for the last time during this series of services.

At a recent meeting of the Ladies' Aid Society of the M. E. Church the following officers were elected for the ensuing year: President, Mrs. O. H. Hartwig, 1st vice-president Mrs. H. W. Coons; 2nd vice-president Mrs. F. J. Potter; 3rd vice-president Mrs. V. T. Wright; secretary, Mrs. George J. Hoornbeek; assistant, Mrs. W. F. Harris; treasurer, Mrs. George F. Andrews. The resignation of Mrs. F. J. Potter, who has been the president the past ten years, was reluctantly accepted. She was presented with a bouquet of carnations as an evidence of the affection and esteem of the society.

Interesting pictures of the war and war work, under the direction of the Ulster County Home Defense Committee, will be shown at Masonic theater, Tuesday evening, March 19. School will close at an earlier hour to allow the pupils to attend the afternoon session at 3:15. At night there will be two shows, 7:30-9:30. Seven reels of pictures and the admission is free.

which he has been scout master the past year, gave him a pleasant send-off, a general good time with an address by Supt. Harris. H. L. Smith, instructor of agriculture at the high school, takes Mr. Douglas's place as the head of the Scouts here.

**No Honest Work Wasted.**

No honest work is wasted. Force is never lost. You may see the results you expect, but there are always results when there is effort. Never let yourself think that anything you have done has been in vain. Effort and achievement are inseparable.—Exchange.

**All Depends on Spirit.**

Whether a life is noble or ignoble depends not on the calling which is adopted, but on the spirit in which it is followed.—Sir John Lubbock.

**Patient Little Penny.**

The patient little penny is coming into its own. Not that it has not had a certain popularity for religious collections and blind beggars, but aside from the purchase of papers and matches and to put into weighing machines, it has not been in great demand of late years. The nickel was king. It did not go to church so often, but it was exclusive and preferred to keep its own company. Now it cannot accomplish much without the aid of the brownie, which—until packages are reduced at least—will enjoy something of its ancient glory.—Richmond Times-Dispatch.

**Capable Looking Men.**

Very capable looking young men are these marines, and the odds on Uncle Sam go up a few notches every time they are trotted out into view.—Savannah News.
